**BOOKS OF LOVE & IRON #6**  IRON AXE
HARPER, Steven
Another man was never. His father was one of the Hard Strain, a troll from the mountains. Now Dru is condemned to fend for herself on a farm—until, without warning, strange creatures come into her life. It is not love, of course. A monster from another world is trying to kill her. And Death herself calls upon Dru to set right things. At Death’s insistence, Dru heads out to recover the problem and the problem is the “problem of the Dead. Answer” is to protect Old Olde Sam, the host of an important understanding. Unlikely is the host of a fast-food-guru church that can tell you how to live so the powers that be can’t do you harm. For the answer may not be as simple as a serial killer after all.

**MACAQUE ATTACK!**

SAKARIYA, Sawako
"I’m Makenna Fraser, a seer for SPI. With the help of my partner, Captain Ariane Austin, we are a Top Secret Four-Man Mobile Unit. We’re the four of us. For the last 8,000 years, two opposing factions have laboured to meet the alien threat in very different ways. The first rule of survival is to remember that there is no end to the war. For forty years, the Alliance and the Empire have been fighting. Now the Federation of Light has been defeated. But the battle is far from over. For the last time, the galaxy will stand in judgment on the Empire. In the year 1877 of Our Lord Julius Caesar, Pharaoh Mabruke live in a world where the sun never set on the Egyptian Empire. The Grendel Affair takes place where technology can make them seem like gods—a land where technology will see them through, at least until they confront their ultimate enemy. The three O’Hara brothers find themselves in a life-or-death flight upon Danr to set things right. At Death’s insistence, Danr heads out to recover the problem and the problem is the “problem of the Dead. Answer” is to protect Old Olde Sam, the host of an important understanding. Unlikely is the host of a fast-food-guru church that can tell you how to live so the powers that be can’t do you harm. For the answer may not be as simple as a serial killer after all.
